

## ENVIRONMENTAL POLICY

At LIVAR d.d., our guiding principle is to take care of our living and working environment at all times, to ensure that the impact on the environment, which is the consequence of our activity, remains within the legally prescribed and other requirements. Furthermore, we will strive to reduce this impact to the lowest possible level.

This may be achieved on the basis of the following main policies:

### **COMMITMENT TO FULFIL ITS OBLIGATIONS WITH REGARD TO COMPLIANCE**

*related to environmental management and our activity and the fulfilment of the interested parties' requests.*

### **PREVENTING POLLUTION**

With a comprehensive approach to environmental protection we undertake to protect the environment, including pollution prevention and other specific commitments which are relevant to our context. In light of the nature of our activities, we will strive to improve the efficiency of our environmental management.

### **CARE FOR A CLEAN AND UNTAINTED ENVIRONMENT**

*Improving the readiness and responsiveness to eventual emergencies and reducing the environmental risks to an acceptable level.*

### **CONSTANT IMPROVEMENT**

*We will keep constantly improving the environmental management system and thus improve the environmental effects. The environmental policy of the top level management represents the framework for setting our environmental goals.*

It is important that all the employees of LIVAR d.d., our suppliers and all who work on behalf and in the name of LIVAR d.d. understand how they can favourably and adversely impact the environment with their work and how to reduce such impact.

Our environmental policy is always at the disposal of all the interested parties (the public).

The management of LIVAR d.d. will monitor regularly the implementation and preparation of all planned campaigns for the attainment of goals and the implementation of programmes, and will support and encourage the awareness for constant improvement and pollution reduction.

Ivančna Gorica, 04/04/2018

CEO of Livar d.d.

Jože Kaligaro, MA
